CITY FATHERS ASKED TO SOLVE PROBLEM

When Is a Circus a Dog and Pony Show, or When Is the Show n Circus?

THEN is a circus a dog and pony show, and when is a dog and pony show a circus? That is the diffithe city fathers of Salt Lake to solve One or two of the Councilmen should not have so much difficulty as the rest in arriving at an answer. With the others there is another factor to be considered Big bunches of free tickets complicate th equation for them, and the circus is said to have become smaller and smaller in their minds since the exhibition here. The Otto Floto show, it is said, might be termed a dog and pony show if all the circus features were cut out, and the chief one of these features was the circus prices charged for admission—to all bu he city license collector and Councilmen the city license collector and Councilmen. If this circus was a dog and pony show, said a prominent attorney yesterday, "why were regular circus prices charged? That is what the City Council should take into consideration. Had that been a dog and pony show, then License Collector Halvorsen would have been justified in making a license of 150 a day, but from the one fact that the admission price was the same as that of the big circuses, he should have known it was not a dog and pony show. There was nothing for either him or the Councilmen, under the ordinance, to do but collect the license of 100 a day as specified for a one-ring circus."

ECZEMA ON LITTLE GIRL

Sleepless Nights for Mother and Awful Suffering of Child.

CURED BY CUTICURA

Had Given up All Hope of Ever Making Any Cure.

" My little girl has been suffering for two years or more from eczema, and during that time I could not get a night's sleep, as her ailment was very

"I had tried so many remedies and spent much money, deriving no benefit, I had absolutely given up all hope of making any cure. But as a last resort I was persuaded to try a set of the Cuticura remedies, and to my great delight a marked change was manifested from the first application. I gave the child a bath with Cuticura Soap, using a soft piece of muslin cloth. This I did twice a day, each time fol-lowing with the Cuticura Olntment, and at the same time gave the Resolvent, according to directions. One box of the Ointment and two bottles of the Resolvent, together with the Sosp, effected a permanent cure. I submit this for publication if you desire, hoping it will add to your success and assist so many thousands of sufferers in cur-ing themselves." Mas. I. B. JONES, ADDINGTON, IND. T.

The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cutleura Soap. The scalp, ears, elbows, hands, ankles and feet will require frequently a thorough soaking in order to penetrate the thickened skin and crusts with which these parts are often covered. Dry carefully, and apply Cuticura Ointment, lightly at first, and where advisable spread it on pieces of soft cloth and bind in place. Take the Resolvent, pills, or liquid, in medium doses. Do not use cold water in bathing, and avoid cold, raw winds.

Sold throughout the world. RAILROAD COMPANY AT **OUTS WITH HACK DRIVERS**

The latest move in the war between the Oregon Short Line and the hack drivers who have been accustomed to Dr. T. N. Sanden, 997 Market St. solicit trade at the depot, is the driving away of the cabmen from the dead-line, South Temple and Third West. This work is entrusted to the police, but is said to have been instigated by the

ratiroad company.

The hackmen are intensely aroused over this move and declare that for years they have been permitted to mo-nopolize the ground for their business without interference.

The railroad company points out that the city ordinances prohibit the use of a street crossing as a stand for car-The company claims it is seekriages. The company claims it is seek-ing nothing more than obedience to the ordinance, and for this reason it has requested the assistance of an officer, who is now detailed at the crossing with instructions to keep it clear.

The trouble between the backmen and the company prose several months ago, and is now pending action in Judge court The railroad company pleads for an injunction forbidding the nackmen from trespassing on grounds.

Masons Go to Garfield.

Garfield was opened to the public vestorday afternoon and evening and the Sali Lake trains were well filled by those who were eager to once again roam about the pavilion and grounds once the haunt of all the bathers and pleasure-seekers. The weather being quite chilly caused many to remain away from the beach who otherwise would have attended, but all in all the day was a complete success and it is likely that the experiment will be re-peated. The occasion was an outing given by the Masons.
